

Dear Larkhoon,

I am writing on behalf of the San Diego Sister Cities and My Chosen Vessels (MCV) to request your support in providing laptop computers for a humanitarian program, the Maasai Vocational Training Initiative at the Maasai Education Center in Kajiado County, Kenya. All laptops donated will be used exclusively for educational purposes—educating Maasai youth, women, and cultural leaders with the digital skills required to thrive in today's economy and safeguard their heritage.

San Diego Sister Cities Association - Founded in 1956 under President Dwight D. Eisenhower's "people-to-people" initiative, Sister Cities fosters peace through mutual understanding and cooperation. Over the past 67 years, San Diego has established 24 international sister-city partnerships on six continents—including a vibrant Kenya partnership that anchors our work with the Maasai community. These relationships create pathways for cultural exchange, youth leadership development, and collaborative projects, linking classrooms in San Diego with counterparts around the world.

My Chosen Vessels - MCV is a 501(c)(3) nonprofit registered in both the United States and Kenya that has been implementing humanitarian program with the Maasai for more than fifteen years. It serves as the on-the-ground partner in Kenya, implementing humanitarian programs in education, clean water, and economic empowerment. Its flagship effort is the Maasai Vocational Training Initiative at the Maasai Education Center.

Laptop Donation Request - We kindly request your generous support in donating laptop computers—new, used, or professionally refurbished. With your help, the Maasai Vocational Training Center will open the door to a digital future for every learner. Each laptop will become a gateway to online research, global collaboration, and entrepreneurial opportunities. Your gift will change lives and preserve Maasai culture through digital storytelling. By placing a computer on every desk, you will empower Maasai youth and women to craft their own solutions, thrive in Kenya's growing tech economy, and share their heritage with the world.

If desired, we will include your company logo on our marketing materials and website to thank you for your generous contribution. Your charitable gift is 100% tax-deductible in the USA. We will update you with impact reports, photographs, and, if desired, public recognition on our platforms. Thank you for considering this transformative gift to uplift lives and make a difference!

Thank you in advance for all your generous support and for considering this request. For any questions, please contact me by phone at +1 805-622-7241 or by email at President@MyChosenVessels.com.

With Appreciation,

Jessica Censotti

Executive Director, San Diego Sister Cities

President, My Chosen Vessels
